The ADMA (<https://gispub.epa.gov/r9adma/>) will answer those questions; it's available to the general public. Turn on the PM-10 nonattainment layer and enter in the address in the search bar (upper right). Let me know if you want me to come over and show you.

Hi Fletcher,

Is there an easy way to see if a certain facility (by address) is in a nonattainment area? In this case, wanting to see if the addresses below fall in the Phoenix-Mesa nonattainment area for PM10.

Thanks!

Why don't you set up a time. My calendar should be up to date.
